

Year 3/4 Summer Term 2025

Dear Parents, Guardians and pupils,
we hope that you had a relaxing
Easter break and are now ready for
the new Summer Term.

Good To Be Green

At the end of every half term, we
celebrate the children's good
behaviour and activities!

General Information

PE will be every **Tuesday**.

Spellings will be given
out/tested every **Friday** and will
be posted on Teams.

With better weather on the
horizon, please ensure that
children have a hat and a drink
if the sun comes out!

Snack

Please could children bring fruit,
yoghurt, or vegetables for their
playtime snack.

This Term's Topic:

Predators!

This term, Year 3/4 are diving into the
world of Predators!

We'll be learning about food chains,
ecosystems, and how animals survive
in the wild. The children will explore
how predators hunt, how prey escape,
and how living things are connected in
nature.

Key learning areas:

Food chains and energy flow
Predator and prey adaptations
Ecosystems and habitats
How animals evolve over time

Creative Project:

Throughout the topic, pupils will invent
and design their own creature, thinking
about its diet, habitat, and special
features!

How you can help at home:

Talk about animals and what they eat
Visit a wildlife park or nature reserve
Watch a nature documentary
together

Wellbeing Activities

**Daily Mindfulness
sessions**

Empathy Lab Initiative
Rights of the Child

Please do not hesitate to contact me if you have any questions. Thank you,
Mrs Morgan - morganj450@hwbcymru.net
